

## Attention Students and Parents: Important Infinite Campus Information

You can now access information about your grades, assignments and absences from any internet-connected computer at home or school.

Students and parents have separate logins so students can see their own information and parents can see information about all of their students at Ladue.

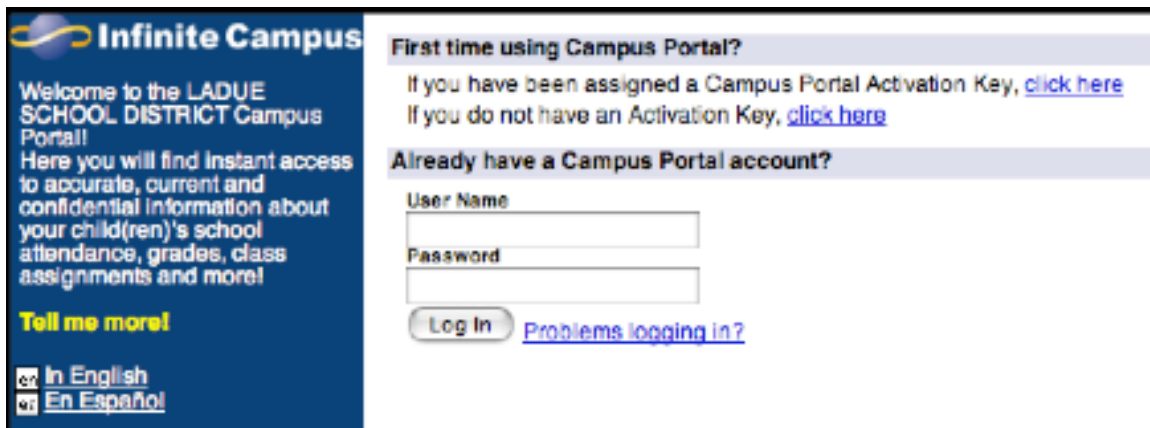

### How does a student log in?

Go to: <http://campus.ladue.k12.mo.us/campus2007/portal/ladue.jsp>

You can also get to this site by clicking on the link for Infinite Campus on the LHWHS web page.

Once you have connected to this site, go to the Section titled "Already have a Campus Portal account" and enter your User Name and Password.

Your User Name is your 6-digit student ID number (the same number you use at school to log in to the file server; you can also find this number on your schedule). Your Password is your birth date. For example, 041295.

The screenshot shows the Infinite Campus login interface. On the left, a blue sidebar contains the Infinite Campus logo and text: "Welcome to the LADUE SCHOOL DISTRICT Campus Portal! Here you will find instant access to accurate, current and confidential information about your child(ren)'s school attendance, grades, class assignments and more!" Below this is a "Tell me more!" link and language options: "In English" and "En Español". The main content area has a light blue header "First time using Campus Portal?" with two links: "click here" for those with an activation key and "click here" for those without. Below this is another header "Already have a Campus Portal account?" followed by "User Name" and "Password" input fields, a "Log In" button, and a "Problems logging in?" link.

### How does a parent log in?

In order to assure that you are connected to the correct students' accounts, you need to register for access to the parent portal. The Infinite Campus parent portal will provide instant access to accurate, current and confidential information about your child's school attendance, grades, class assignments and more! Please bring current picture identification for verification purposes when you register at your student's school.

Once you have registered, you will go to the same web site as students to log in (<http://campus.ladue.k12.mo.us/campus2007/portal/ladue.jsp>).
